

perfect strangers

one gently used kidney — free to a good home

PERFECT STRANGERS CAN HELP YOUR COMMUNITY

Host a Screening

Would you like to bring the film to your community, campus, classroom, organization, conference, place of worship, or medical facility? *Perfect Strangers* is a powerful tool to raise awareness and ignite dialogue about the complex issues surrounding organ donation, kidney disease, altruism, and the choices we make in our lives.

As a screening host, your organization will be provided with a discussion guide, publicity templates, and additional materials to help promote the event and assure a successful screening. Our suggested topics and open-ended questions will help facilitate a dynamic dialogue with your audience and encourage discussion about a wide-ranging set of issues.

The *Perfect Strangers* team can help assure the impact of sharing the film in your community. The film's director, Jan Krawitz, may be available to attend your screening and engage in a post-screening discussion that will amplify the issues raised in the film.

Book your screening today by going to www.PerfectStrangersMovie.com/Host or by emailing Info@PerfectStrangersMovie.com for details and fees.

Grow and Share Our Communities By Linking as Partners

- List your organization's website on our partner page. Link information about the film and trailer on your website
- Post a review of the film on your organization's website
- Include news about the film in your e-blast newsletters
- Spread the news about the film and post the trailer utilizing social media to help create a buzz
 - Facebook posts ([Facebook.com/PerfectStrangersMovie](https://www.facebook.com/PerfectStrangersMovie))
 - Twitter updates ([@PerfStrangrsDoc](https://twitter.com/PerfStrangrsDoc))
